

Experience the benefits of natural light – indoors

SYLVANIA TruWave® Series

Mimicking the natural light spectrum, this industry first, award-winning SYLVANIA LED portfolio of lamps and luminaires offers the best alternative to natural light and brings the benefits of natural light to inside spaces – all while saving energy.

Benefits and Features

- Controls blue wavelengths for lower glare and reduced eye strain to improve readability and supports an improved sleep-wake cycle
- Perfect fit where clean light color rendering is needed for seeing realistic, vivid colors without sacrificing light output
- Properly saturates red to make building spaces and flesh tones accurate and vibrant, without oversaturating (which compromises energy efficiency)
- Superior flicker performance and excellent dimmability results in better visual comfort
- Exceptional color quality without the loss of efficacy typical of most 90+ CRI solutions
