LEDlescent™ DULUX® L LED TT5 Ballast-Free Lamps

Talking Points and Target Markets

Talking Points

Reason to buy

- Energy savings, easiest way to upgrade to LED technology
- No ballast required; Save on ballast cost
- For use with shunted and non-shunted sockets therefore no socket change is needed
- For diverse projects – Full product family offering
- Suitable for totally enclosed fixtures and damp locations

What trends are happening in the market that this product satisfies?

- Increasing nationwide and regional retail and grocery space retrofit
- National and regional utility rebates
- DLC added a category in last 2 years for 2G11 base

Why the need for this product family

- This product family expands our LEDlescent technology into Dulux LED TT5 retrofit applications in addition to existing SubstiTUBE DULUX LED TT5 lamps.
- To match competitive portfolio and growing requests for retail, display and grocery lighting retrofit applications

Target Markets & Applications

- Retail & Grocery Chains
- Hospitality & office space
- Property Management
- Commercial complexes

What fixtures that use it?

- 2 X 2 Troffer fixtures
- Wall – wash/ recessed fixtures
- Suitable for open & totally enclosed fixtures

LEDiescent™ DULUX® L LED TT5 Ballast-Free Lamps

Key Takeaways

- No ballast required; Save on ballast cost;
- For use with shunted and non-shunted sockets therefore no socket change is needed
- DLC related utility rebates in addition to energy savings ; higher LPW than most of the competitor products
