LEDVANCE

FUNCTIONAL LUMINAIRES 2024/25

A warm, intimate photograph of a man and a woman sitting closely together on a couch. The man, with a beard and short brown hair, is wearing a teal polo shirt and holding a white mug. The woman, with dark hair, is wearing a plaid shirt and has her head resting on his shoulder. They are both smiling and looking out a large window to the right, where bright, golden sunlight is streaming in, creating a soft, hazy atmosphere. The background shows a glimpse of a modern interior with white walls and a wooden chair.

LEDVANCE

POWER THROUGH LIGHT

A STRONG PARTNER IN THE LIGHTING INDUSTRY

LEDVANCE is a prominent player in the lighting industry, known for its innovative lighting products and smart, interconnected lighting solutions. Drawing from our comprehensive understanding of the general illumination market, current technologies, and evolving customer demands, we are committed to meeting the specific needs of both direct and indirect customers.

As a reliable local partner, we take an active role in supporting your efforts to impress customers with high-quality, long-lasting lighting concepts. Our aim is to help boost your lighting sales by offering attractive, user-friendly, and intelligent products.

Together, we can collaboratively shape the future of light – with agility, courage, speed, and flexibility. Join us on this journey as we pave the way towards a brighter tomorrow.

OUR STRENGTHS ARE YOUR ADVANTAGE

COOPERATIVE

As a dedicated and collaborative partner, LEDVANCE boasts a vast, worldwide sales team and over a century of experience, ensuring we stand by your side at all times.

VERSATILE

Modern, smart, decorative, functional, robust and practical – our extensive portfolio meets customer requirements in all categories and virtually every area of application.

SALES-BOOSTING

Attract attention, encourage purchases. We offer targeted support for your sales with creative, pre-tested marketing concepts.

CARING

We are committed to contributing to a greener planet by reducing CO₂ emissions and waste through sustainable products, solutions and processes. We empower our customers to use light more efficiently to save energy and reduce their environmental footprint.

UNIQUE

Fresh, dynamic, high-quality and bold – we know at an early stage what interests customers and where lighting trends are heading. LEDVANCE is unmistakably LEDVANCE.

INNOVATION MEETS TRADITION

We embody progress and the passion to shape the future of lighting actively. By blending our courage to explore new paths with our experience from more than 100 years of lighting expertise, we lead the way forward.

ALL IN ONE

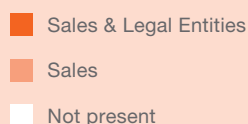

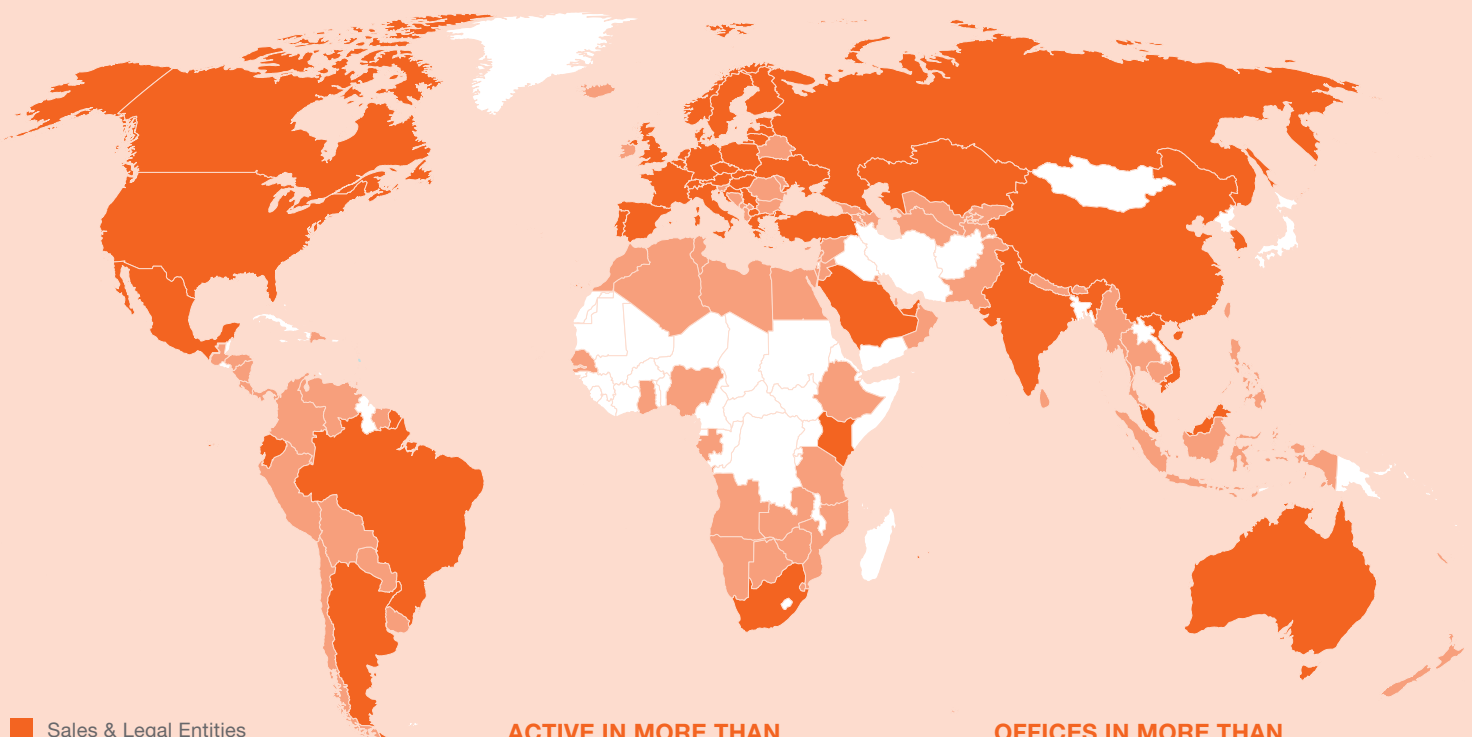

At LEDVANCE, we've got everything you need from a single source – LED luminaires, lamps, and Smart Home products. We offer you a wide range of innovative and market-driven solutions, setting new trends along the way.

FIRST-CHOICE PARTNER

As the perfect strategic ally, we offer an extensive portfolio, a robust sales network, and unparalleled global market access to fulfill all your requirements.

SMART⁺ WIFI UNDERCABINET SELECT SENSOR

Brighten up your shelves, cabinets, and kitchen cupboards with our easy-to-install undercabinet luminaire.

- Varied: Can be individually customized, with light color options from warm white to cool white, while three modes are available: SMART⁺ WIFI, PIR sensor, or on/off.
- Long Life: Features a long lifespan of up to 30,000 hours, promoting energy savings.
- SMART⁺ control: Can be operated via an app or a voice assistant.
- Instant use: Is exceptionally quick and easy to install, making it perfect for placement under shelves, cabinets, and kitchen cupboards.
- IP20 Protection: Protects against finger contact with live components, though it is not protected against water or moisture.

A modern kitchen interior featuring a dark, polished countertop and a backsplash with a dark, veined marble pattern. A sleek, curved, chrome faucet is mounted on the countertop. The upper cabinets are white with a minimalist design. Linear LED lighting is installed under the upper cabinets, casting a warm glow. Two electrical outlets are visible on the wall. The lower cabinets are white with a glossy finish.

LINEAR LED FLAT SENSOR USB

Illuminate your home with our innovative undercabinet luminaire, designed for flexibility and convenience.

- Long life: Enjoy up to 25,000 hours of use while saving on energy costs.
- Mobile use: The rechargeable battery allows for both portable and stationary use, with easy USB recharging for continuous, flexible lighting.
- Motion sensor: An integrated PIR sensor allows for contactless on/off switching, providing hands-free operation and enhanced convenience.
- Versatile: Ideal for kitchens and other undercabinet applications, this light adapts to a variety of settings and uses.
- IP20 protection: Suitable for kitchens and living rooms, this light provides finger protection against live components but is not safeguarded against water or moisture.

LINEAR LED FLAT SOCKET

The dual-purpose undercabinet luminaire brightens your home and keeps devices charged effortlessly.

- Multifunctional use: equipped with a built-in EU socket and two USB-A ports, providing both illumination and charging capabilities for electronic devices.
- Long life: With a durable design, it offers up to 30,000 hours of energy-efficient lighting.
- Comfortable and useful: The ultra-thin design delivers discreet, cold white (4000K) lighting, ideal for kitchens and other undercabinet applications.
- IP20 protection: suitable for use in living rooms and studies, providing protection against solid objects.

UNDERCABINET SPOT PUCK

Transform your kitchen or living area with our versatile set of three warm undercabinet luminaires.

- Varied: Including three undercabinet lights with integrated LED modules, emitting warm white light (3000K).
- Long life: Enjoy up to 30,000 hours of use, ensuring lasting performance and savings.
- Flexible use: Starting with three lights, the set can easily expand with additional modules, providing limitless customization possibilities.
- Versatile: Ideal for both recessed and surface mounting in kitchens and various other settings, offering versatile placement options.
- IP20 protection: Suitable for kitchens and living rooms, safeguarding against solid objects while maintaining functionality.

UNDERCABINET SPOT MAGNET

Sleek design meets versatile functionality in our undercabinet spot magnet.

- Pleasant light: low mounting height and modern, round design, emitting warm white light (3000K) with a two-stage dimming option.
- Long life: 30,000 hours of energy-saving performance ensures lasting efficiency.
- Flexible use: Offers recessed or surface mounting for flexibility in any setting.
- Versatile: Perfect for kitchens and undercabinet spaces, adaptable to diverse needs.
- IP20 protection: Ensures safety in kitchens and living rooms, protecting against contact with live components but not water or moisture.

BATTEN LUMINAIRES

Discover the practical brilliance of batten luminaires, designed with precision to meet the demanding needs of storerooms, home workshops, kitchens, and undercabinet areas. Engineered for superior functionality, these LED batten luminaires ensure your workspace is brightly illuminated, providing the clarity and focus required for detailed tasks. Whether you're organizing tools, working on intricate projects, or simply brightening up a room, these luminaires deliver consistent, high-quality light that enhances visibility and productivity.

Durable, energy-efficient, and easy to install, batten luminaires are the reliable choice for anyone who values both performance and efficiency in their lighting solutions.

LED SENSOR BATTEN

Enhance your space with sleek, reliable batten lights—where efficiency meets practicality.

- Motion sensor: The integrated PIR sensor enables contactless on/off switching.
- Long life: Designed for longevity, they offer up to 50,000 hours of continuous use.
- Energy saving: Significantly saves energy compared to a T5 fluorescent lamp.
- Versatile: Available in various lengths, these lights deliver warm white light (3000K), ideal for storerooms, garages, home workshops and undercabinet areas.
- IP20 protection: Designed for indoor use, providing essential protection against accidental contact with live components.

A man in a plaid shirt and vest is working on a bicycle in a garage. He is leaning over the handlebars, possibly adjusting the brakes or cables. The bicycle is silver and black. In the background, there is a workbench with red drawers and various tools. A large window on the right side of the frame shows a view of the outdoors. The floor is concrete, and there are some tools and a pump lying on it. The text "TUBEKIT®" is overlaid on the left side of the image.

DAMP-PROOF LUMINAIRES

Illuminate your moisture-prone areas with our innovative DAMP-PROOF LUMINAIRES designed for reliable performance and durability. Ideal for cellars, garages, and other challenging environments, these luminaires provide bright, consistent light where it's needed most.

Built with robust materials and a moisture-resistant design, they deliver reliable illumination that stands up to the demands. Whether lighting up a storeroom, laundry area, or workshop, these luminaires offer long-lasting brightness and energy efficiency, ensuring safety and visibility in every corner.

PCR SUBMARINE NATURE LOOP

Built tough for demanding settings, this luminaire delivers reliable, energy-efficient lighting.

- Pleasant lighting: Cold white color temperature offers a bright and unobtrusive atmosphere.
- Long life: Lasts up to 40,000 hours, ensuring durability and longevity.
- Versatile: Ideal for garages, workshops, laundry areas, thanks to its robust, damp-proof design.
- Sustainable: Constructed from 50% recycled plastic.
- IP65 protection: Resistant to dust and water jets, suitable for durable indoor and outdoor use.

A man with glasses and a beard, wearing a red and black plaid shirt, is standing in a workshop. He is looking down at a smartphone in his hands. Above him, a long, slim, white LED light fixture is mounted on the ceiling, casting a bright light. The workshop has a wooden ceiling with exposed beams and various tools and equipment hanging on the walls and shelves. A bicycle is visible on the right side of the frame.

DAMP-PROOF ESSENTIAL I SLIM

Ensure efficient and reliable lighting in your high-humidity spaces with our Damp-Proof Essential I Slim.

- Slim design: Features an integrated LED lamp in cold white (4000K) and all necessary mounting accessories.
- Long-lasting: With a lifespan of up to 20,000 hours.
- Energy-efficient: Consumes significantly less power than standard T8 fluorescent lamps.
- Versatile: With a length of 60 or 120 cm, suitable for various low-profile damp indoor settings.
- IP65 protection: Designed for damp indoor locations such as cellars, garages, warehouses, and boiler rooms, offering dust and water resistance.

WORKLIGHTS

LEDVANCE worklights are designed to excel in demanding work environments, offering versatile and powerful lighting solutions for construction sites, workshops, and other professional settings. With options like tripod-mounted lights and portable battery-powered units, these worklights ensure optimal illumination for any task, even in challenging conditions. Built with durable materials and featuring adjustable settings, they provide reliable performance to enhance visibility and safety across various job sites. Illuminate your work, illuminate your success.

POWER FOR ALL ALLIANCE OUTDOOR WORKLIGHT

Designed for high performance - illuminate your toughest tasks with the robust POWER FOR ALL ALLIANCE worklight.

- Efficient light: Bosch battery-powered worklight offering an impressive 4500 lumens in cold white light (6500K).
- Long-lasting: With a lifespan of up to 30,000 hours.
- Versatile: Integrated USB-A charging function, and compact design for easy portability.
- Dimmable: Features an integrated dimmer switch with four settings (25%, 50%, 75%, 100%).
- IP54 protection: Suitable for indoor and outdoor use, offering complete protection against contact, dust, and splash water on all sides.

A woman with long, wavy brown hair, wearing a red long-sleeved shirt and blue jeans, is painting a wall with a roller. She is standing on a wooden step ladder. A black worklight is placed on the top of the ladder. The worklight is illuminated, casting a bright light on the wall and the woman. The wall is white with some grey paint being applied. The background is a plain white wall.

WORKLIGHT VALUE BATTERY PANEL

A light that adapts to your needs and can be taken anywhere thanks to its integrated power bank.

- Efficient light: Battery-powered worklight with cold white light (6500K) and uniform light distribution thanks to its panel shape.
- Long performance: Comes with an USB charging function via an integrated power bank, allowing for independent operation without mains power.
- Versatile: Robust LED worklight ideal for crafts, construction, industry, car repairs, garages, basements, and outdoor applications.
- Easy portability: Compact and lightweight design for convenient transport and versatility.
- IP54 protection: Suitable for indoor and outdoor use, providing complete protection against dust ingress and splash water from all directions.

WORKLIGHT VALUE R-STAND

Work in the light of the Value R-Standard enjoying simplicity and safety.

- Efficient light: Compact worklight with cold white light (6500K), powered by a mains cable with an EU plug.
- Varied: Rotatable heads guarantee customizable light direction.
- Versatile: Durable LED worklight suitable for crafts, construction, industry, car repairs, garages, basements, and outdoor use.
- Easy portability: Handy and lightweight design ensures easy transport and versatility.
- IP54 or IP65 protection: Ideal for indoor and outdoor use, offering complete protection against contact and dust. IP54 guards against splash water, while IP65 adds extra defense against dust particles that could cause voltage issues.

A photograph of a construction site. In the foreground, a small, white, cylindrical worklight with a black base sits on a concrete floor. The background shows a building under construction with brick pillars and wooden beams. A wheelbarrow and some construction materials are visible in the distance.

WORKLIGHT VALUE 360° SOCKET

Experience seamless illumination from every angle and light up your projects effortlessly.

- Efficient light: LED worklight with cold white light (6500K), powered by a mains cable with an EU plug.
- Full illumination: Provides 360° light and includes two integrated sockets for up to 3000 W of power.
- Versatile: Sturdy LED worklight suitable for crafts, construction, industry, car repairs, garages, basements, and outdoor use.
- Versatile suspension: Integrated steel hook for 360° hanging.
- IP54 protection: Suitable for indoor and outdoor use, offering full protection against contact, small dust particles, and splash water from all sides.

A photograph of a construction or renovation site. In the foreground, a black and silver worklight sits on a floor covered in dirt and debris. A large pile of broken bricks and rubble is on the right. In the background, a silver A-frame ladder leans against a wall with some peeling paint. A small wooden stool is also visible. A power cord runs across the floor, and a bag of debris hangs from a cable on the right. The worklight is turned on, casting a bright beam of light onto the debris.

WORKLIGHT VALUE FLEX

Working smart with the two individually adjustable heads of the VALUE FLEX, providing customized lighting for any situation.

- Efficient light: LED worklight with cold white light color (6500K), powered by a cable with an EU plug.
- Varied: LED worklight with 270° vertically and 180° horizontally rotatable heads. The two heads can be switched independently of each other and offer individually adjustable light.
- Versatile: Robust LED worklight with multiple areas of application such as crafts, construction, industry, car repairs, garages, basements and outdoors.
- Easy portability: Handy and versatile worklight which can be easily transported through its compact lightweight design.
- IP65 protection: Designed for damp indoor locations such as cellars, garages, warehouses, and boiler rooms, offering dust and water resistance.

WORKLIGHT VALUE HIGH POWER

Unmatched power, precision and durability to illuminate your workspace.

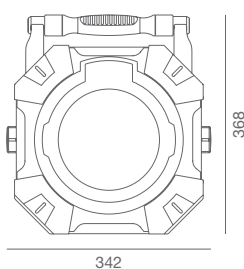

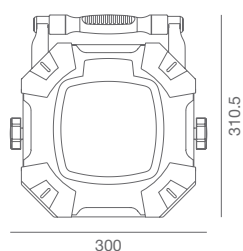

- Flexible: Portable and dimmable LED worklight, perfect for various applications including workshops, garages, and cellars.
- Powerful: Equipped with a high-performance LED, this worklight delivers powerful, efficient, and energy-saving illumination.
- Lightweight: Made from aluminum, it is lightweight, easy to transport, and quick to set up.
- Practical: The 2-in-1 worklight includes a dual-socket outlet supporting up to 3000 W, perfect for renovation tasks.
- Bright: Provides bright daylight-like illumination at 6500K (865), ensuring excellent visibility for demanding tasks.

WORKLIGHT VALUE BATTERY TRIPOD

Designed to brighten any workspace independently – take lighting anywhere with our portable, battery-powered worklight.

- Versatile: Position this tripod worklight anywhere, ideal for workshops, garages, or cellars without a power connection.
- Adjustable: The light head rotates 360° and swivels 180° for complete space illumination.
- Height adjustable: The tripod extends to 1.8 meters, directing light where it's needed.
- Practical: Equipped with a rechargeable battery, it works without a power source, perfect for renovations or areas without electricity.
- Bright: Provides daylight-bright (6500K) illumination, ideal for precise and demanding tasks.

A man in a dark hoodie is seen from behind, working at a cluttered workbench in a workshop. A foldable worklight on a tripod stands to his left, illuminating the workspace. The workshop is filled with various tools, wires, and equipment, creating a busy, industrial atmosphere.

WORKLIGHT VALUE TRIPOD

Discover our space-saving marvel! Our foldable worklight illuminates your workspace and maximizes your creative space.

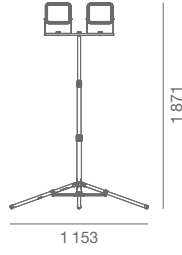

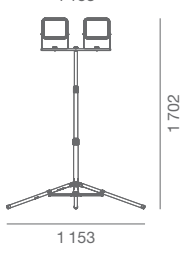

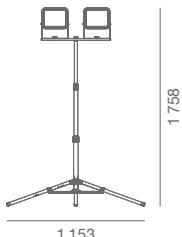

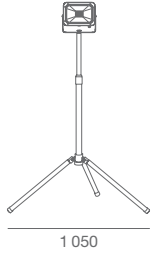

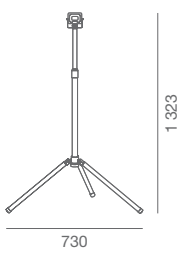

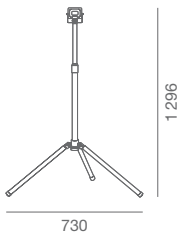

- Efficient light: LED worklight with cold white light color (6500K), mains powered by a cable with an EU plug.
- Easy storage: The tripod worklight is foldable so is easy to store in small spaces.
- Versatile: Robust LED worklight with multiple areas of application such as crafts, construction, industry, car repairs, garages, basements and outdoors.
- Easy portability: Handy and versatile worklight which can be easily transported through its compact lightweight design.
- IP54 or IP65 protection: Ideal for indoor and outdoor use, offering complete protection against contact and dust. IP54 guards against splash water, while IP65 adds extra defense against dust particles that could cause voltage issues.

LET THERE BE LIGHT WHEREVER IT'S NEEDED! LIGHT THAT SELLS ITSELF

With ready-made packages, you can offer your customers a wide range of practical functional lighting solutions. These clever combinations will make your products stand out from the crowd and look great! This is an exciting opportunity to offer your customers something inspiring and useful at the same time.

ATTRACTIVE SHELF DESIGN

A shelf full of ready-made incentives. See a variety of well-engineered and customized functional lighting packages.

Our shelves are eye-catching and perfectly designed to meet the needs of target audiences. Product-specific benefits and features are explained and functional product samples are displayed to make the products intuitively understandable for your customers.
