THE ART OF LIGHT INNOVATIVE DESIGNS, ENDLESS AMBIANCE

Innovative designs, visual extravagance, and a natural feel in a range of unique and natural materials: raffia, bamboo, paper, fabric, clay, and many more. Whether on the wall, on your table, hanging or standing tall, our luminaires are crafted to bring elegance and warmth to every corner of your home.

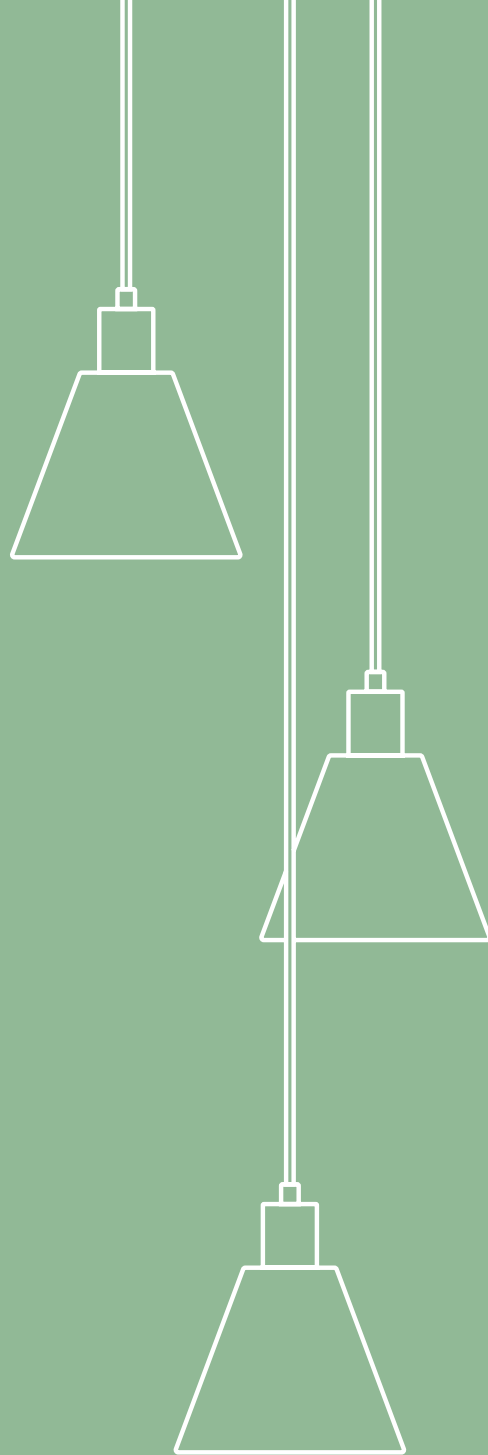

Welcome to LEDVANCE DECOR LUMINAIRES, where form meets function. Our collection offers a diverse array of lighting solutions, blending rustic textures with sleek finishes – transforming your home into a sanctuary of light and style.

NATURAL HARMONY

The NATURAL HARMONY concept is designed to transform your home into a serene oasis. Its luminaires are crafted from sustainable materials and feature a consistent design language. Paper, bamboo paper, raffia, and metal are combined to create a warm and natural ambiance. Each piece is mounted easily, ensuring a harmonious style throughout your space.

Let the sun in. Comfort at home
for you and your loved ones.
A variety of shapes and materials
to create the feeling of harmony.

INDUSTRIAL STYLE

A photograph of an interior space with a raw, industrial aesthetic. The walls are made of light-colored, textured concrete or plaster. A large, rectangular mirror is mounted on the wall, reflecting a wire mesh pendant light and a vase of dried branches. To the right, a track lighting fixture with two warm-toned, globe-shaped lights is mounted on the wall. The overall mood is modern and urban.

Embrace the raw, rugged charm of INDUSTRIAL STYLE, where robust metal meets functional design. This concept brings a bold, modern edge to your space with its blend of exposed structures and warm, ambient lighting. Crafted from durable and sustainable materials, these luminaires infuse urban sophistication into your home, seamlessly blending practicality with style.

Raw materials, urban chic. Metal structures combine functional design with a warm, ambient glow. A bold statement for your modern home.
