LED White Filament

Line Extension - A15, A19, B10, G16.5, G25, S14, ST15, ST19, T10, T14

- The LED White Filament family provides a variety of shape options and unique filament design for a vintage look with modern technology.
- Suitable for wet locations, these lamps reduce energy consumption up to 80-90% based off traditional lamps.

TruWave® Selectable Lamps

Line Extension - PAR38, ST19, Filament G25

- Five different color temperature settings, letting you choose the best option to retrofit your space, all while utilizing TruWave technology.
- These lamps mimic the natural light spectrum for improved sleep/wake cycles.
- With 90+ color rendering, these lamps include less intense blue light for reduced eyestrain.

RENAISSANCE™ LED PAR Family

- The Renaissance line offers a full family of high CBCP PAR lamps with superior beam quality, ideal for color critical application.
- With multiple beam angles (15°, 25° and 40°), available light is placed exactly where it's needed with spill light surrounding for general illumination.
