

# EMERGENCY RANGE

The Emergency Bulkhead is a reliable and durable emergency lighting solution designed to provide essential illumination during power failures. It features a high-performance LED light source and is available in both maintained and non-maintained versions, making it suitable for various installation requirements. With an emergency duration of 3 hours, the Emergency Bulkhead ensures that critical areas such as corridors, stairwells, and basements remain illuminated when needed most. It offers long-lasting performance with a lifespan of up to 50,000 hours (L70), ensuring reliability with minimal maintenance and ultra-low flicker (<5%).

+ HIGH EFFICIENCY
