

FIRE RATED SPOTLIGHT RANGE

The Fire Rated Spotlight is a high-performance lighting solution specifically designed for applications requiring both safety and reliability. It is ideal for areas where fire resistance is a priority, providing both security and energy efficiency. Available in various models such as fixed and adjustable spotlights, the Fire Rated Spot offers a flexible, easy-to-install solution that meets the highest industry standards for fire safety. With excellent efficiency and customisation options, it's perfect for both residential and commercial settings.

FITS RIGHT IN

We took a good look at what UK installers needed and came up with something rather special: A complete range of lighting solutions that fits UK standards like a tailored suit. Properly engineered for proper British installations.
