

DAMP PROOF COMBO

The Damp Proof Combo is the ideal choice for demanding environments that require a robust, long-lasting, and high-performance lighting solution. Designed for industrial and commercial applications, it offers exceptional energy efficiency, easy installation, and versatile configuration options. Thanks to Plug & Upgrade technology, sensors and emergency lighting modules can be effortlessly integrated, ensuring a tailor-made solution for every need. With its long lifespan and IP66/IK10 protection, the Damp Proof Combo is built to withstand tough conditions, providing reliable performance in all settings.

+ HIGH EFFICIENCY
UP TO

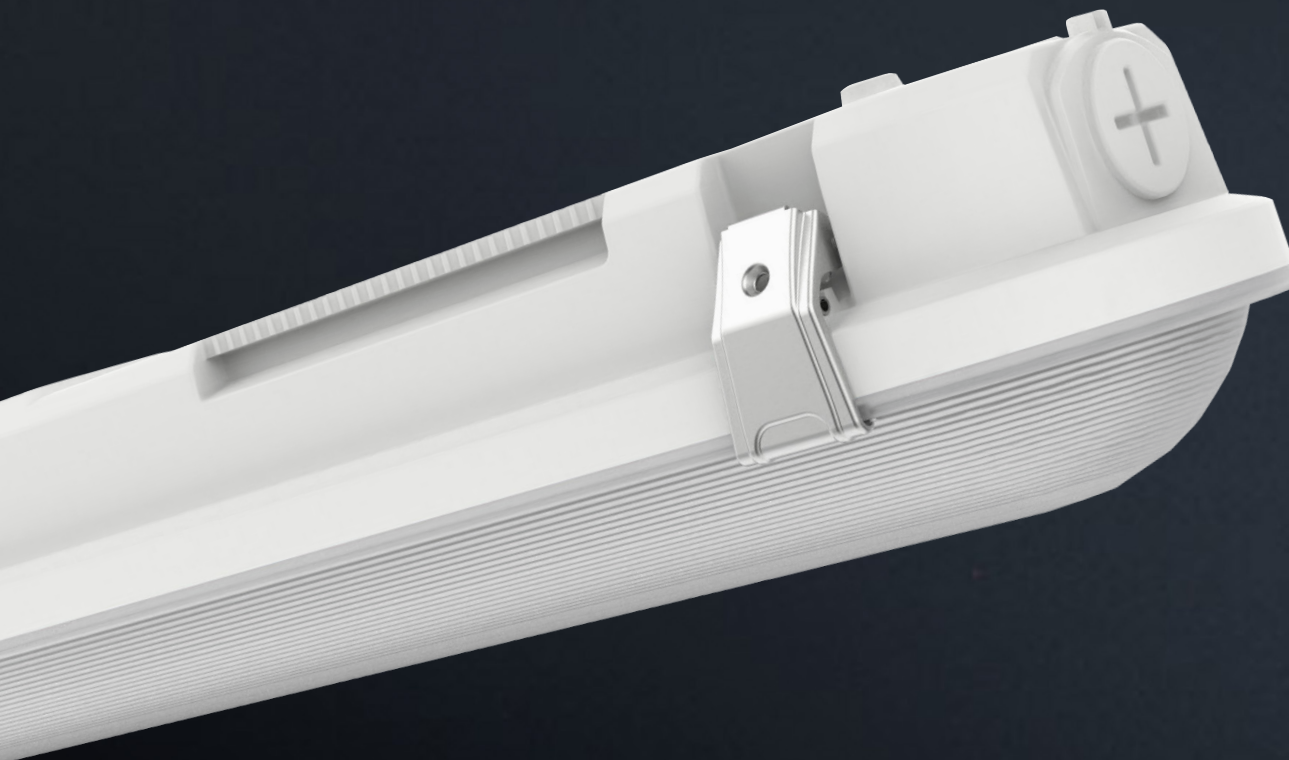

153 lm/W

+ LUMEN
UP TO

9000 lm

+ LIFESPAN (L80/B10)
UP TO

30,000 hrs

IP66

IK10

CRI
≥80

VERSATILE DUE TO
CCT & POWER SELECTION

IDEAL FOR USE IN DUSTY
AND DAMP ENVIRONMENTS

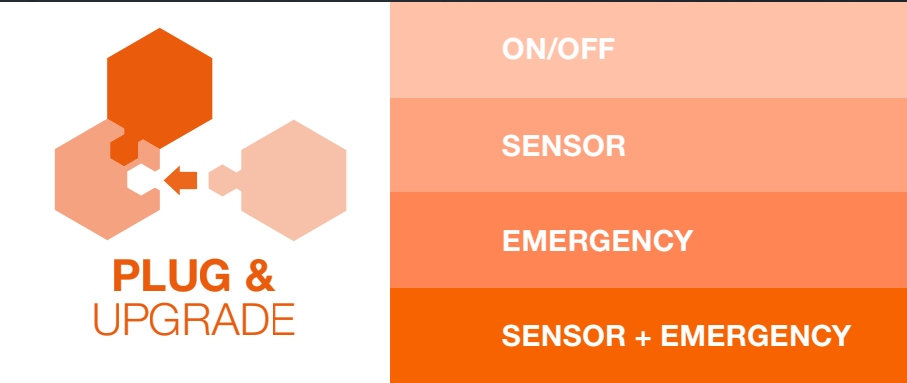

PLUG & PLAY
FOR EASY CONVERSION

DAMP PROOF COMBO

RELIABLE, FLEXIBLE, AND ENERGY-EFFICIENT LIGHTING SOLUTION

- + Robust and protected with high IP66 and IK10 ratings for tough industrial and commercial environments
- + Plug & Upgrade-ready for seamless sensor and emergency function integration
- + Energy-efficient performance with luminous efficacy up to 150 lm/W
- + Flexible configuration with multi-select function (4 wattage steps, 2 CCT options) for tailored lighting
- + Fast, tool-free installation with quick connection system for efficient project execution
- + Four size variations available with up to 5 years guarantee

FITS RIGHT IN

We took a good look at what UK installers needed and came up with something rather special: A complete range of lighting solutions that fits UK standards like a tailored suit. Properly engineered for proper British installations.
