BATTEN COMBO

The Batten Combo is a high-performance lighting solution designed for versatile indoor applications. With selectable wattages and colour temperatures, it offers maximum flexibility to suit different needs. Its easy Plug & Upgrade system allows seamless integration of sensors and emergency lighting kits, ensuring adaptability for future requirements. Built with a robust IP20/IK08 housing and an impressive lifespan of up to 50,000 hours, the Batten Combo provides reliable and energy-efficient illumination for a wide range of environments.

FITS RIGHT IN
We took a good look at what UK installers needed and came up with something rather special: A complete range of lighting solutions that fits UK standards like a tailored suit. Properly engineered for proper British installations.
