Ledvance GmbH

Pre-contractual Information according to Art. 3 of the EU Data Act (Regulation 2023/2854)

Revision 1.1 11.08.2025 Date:

Product Name / Type / Category: SMART+ WiFi Sensors Product Brand(s): LEDVANCE, OSRAM LEDVANCE GmbH

In accordance with the EU Data Act (Regulation 2023/2854), we are committed to ensuring transparency and providing the information according to Art. 3 such as data type, format, storage, access, etc.

Article 3 Paragraph 2 (a):	the type, format and es	the type, format and estimated volume of product data which the connected product is capable of generating							
Name	Code	DP Id	DP Type	byte volume(maximum)	storing data on-device	storing data on a remote server			
Flooding State	watersensor_state	1	String	255 bytes	The last value	Values for the last 7 days			
Battery level	battery_percentage	4	Integer	8 bytes	The last value	Values for the last 7 days			
CO Status	co_state	1	String	255 bytes	The last value	Values for the last 7 days			
Co Value	co_value	2	Integer	8 bytes	The last value	Values for the last 7 days			
Auto-Detect Result	checking_result	9	String	255 bytes	The last value	Values for the last 7 days			
Smoke Detection State	smoke_sensor_state	1	String	255 bytes	The last value	Values for the last 7 days			
Battery level state	battery_state	14	String	255 bytes	The last value	Values for the last 7 days			
Muffling	muffling	16	Boolean	1 byte	The last value	Values for the last 7 days			
Motion detection	pir_state	1	String	255 bytes	The last value	Values for the last 7 days			
PIR Sensitivity	pir_sensitivity	9	String	255 bytes	The last value	Values for the last 7 days			
PIR Delay	pir_delay	12	Integer	8 bytes	The last value	Values for the last 7 days			
Contact Sensor	doorcontact_state	1	Boolean	1 byte	The last value	Values for the last 7 days			

Article 3 Paragraph 2 (b): whether the connected product is capable of generating data continuously and in real-time

generating data continuously every 10 seconds, and App or system can pull it anytime

Article 3 Paragraph 2 (c): whether the connected product is capable of storing data on-device or on a remote server, including, where applicable, the intended duration of retention

Connected products store data on cloud servers, and device DP point (DataPoint) data is stored for 7 days by default.

how the user may access, retrieve or, where relevant, erase the data, including the technical means to do so, as well as their terms of use and quality of service

- 1. User shall contact Smart Consumer Service Account to request a snapshot of the data set from cloud service.
 2. Configuration and last value of data fields are directly displayed to the user in the Smart+ App.
- 3.To delete data for individual products, user shall unbind the device in the Smart+ App from his account and select "Unbind device and delete data."
- 4. To delete cloud data, user shall use the "Delete Account" function in the account and security section of the App.
- 5. To delete App data, user shall uninstall Smart+ App from his Smartphone or tablet.

Below are the data that users can obtain through the Ledvance Smart+ APP:

Name	Code	Data Category	Data Type	e byte volume(maximum)	storing data on-App	storing data on a remote server
Account	account	User account related information	String	255 bytes	The last value	Values for the last 7 days
Password	password	User account related information	String	255 bytes	The last value	Values for the last 7 days
UserId	userId	User account related information	String	255 bytes	The last value	Values for the last 7 days
Username	userName	User account related information	String	255 bytes	The last value	Values for the last 7 days
Nickname	nickName	User account related information	String	255 bytes	The last value	Values for the last 7 days
Registration date	registrationDate	User account related information	String	255 bytes	The last value	Values for the last 7 days
Login type	loginType	User account related information	String	255 bytes	The last value	Values for the last 7 days
Whether to log in automatically	isAutoLogin	User account related information	Bool	1 byte	The last value	Values for the last 7 days
Whether to save password	isSavedPwd	User account related information	Bool	1 byte	The last value	Values for the last 7 days
Phone number	phoneNumber	Contact Details	String	255 bytes	The last value	no
Email	email	Contact Details	String	255 bytes	The last value	no
Bind mobile phone number	bindPhoneNumber	Contact Details	String	255 bytes	The last value	no
Flow reminder switch and level	isFlowAlert	User Preferences and Settings	Bool	1 byte	The last value	no
Avatar path	avatarPath	User Preferences and Settings	String	255 bytes	The last value	no
Gender	gender	User Preferences and Settings	String	255 bytes	The last value	no
BirthDate	birth	User Preferences and Settings	String	255 bytes	The last value	no
Area ID	areald	User Preferences and Settings	String	255 bytes	The last value	no
Area Code	areaCode	User Preferences and Settings	String	255 bytes	The last value	no
Area Name	areaName	User Preferences and Settings	String	255 bytes	The last value	no
Telephone Code	telephoneCode	User Preferences and Settings	String	255 bytes	The last value	no
Current family name	familyName	Family and group information	String	255 bytes	The last value	no
Current family Id	familyld	Family and group information	String	255 bytes	The last value	no
Current default groupId	defaulGroupId	Family and group information	String	255 bytes	The last value	no
Ad exposure times	adExposureTime	Advertising related data	String	255 bytes	The last value	no
Skip times	skipTime	Advertising related data	String	255 bytes	The last value	no
Display times	displayTime	Advertising related data	String	255 bytes	The last value	no
Device token	deviceToken	Push related	Int	1 byte	The last value	no
VoIP Token	voipToken	Push related	Int	1 byte	The last value	no
Flow Rate for the day	flowRate	User traffic statistics	String	255 bytes	The last value	no
Time Flow Rate for the day	timeFlowRate	User traffic statistics	String	255 bytes	The last value	no
Month Flow Rate	monthFlowRate	User traffic statistics	String	255 bytes	The last value	no
Month Time Flow Rate	month Time Flow Rate	User traffic statistics	String	255 bytes	The last value	no
History Flow Rate	historyFlowRate	User traffic statistics	String	255 bytes	The last value	no
System logs	N/A	Log Data	String	20MB	all	Values for the last 7 days
Business logs	N/A	Log Data	String	20MB	all	Values for the last 7 days
Devices Information acc. Section 2(a)	N/A	Device Info	String	Maximum capacity of mobile	il The last value	Values for the last 7 days

This information is provided in accordance with the requirements of the EU Data Act (Regulation (EU) 2023/2854), applicable from 12 September 2025. It is intended to inform prospective users and purchasers of the data-related characteristics associated with the connected product and/or related services described herein.

The information contained in this document is for general guidance purposes only and does not create any contractual obligations. While every effort has been made to ensure the accuracy and completeness

of the data-related information, the manufacturer reserves the right to update or modify the content without prior notice to reflect changes in technology, regulation, or business practices

The manufacturer disclaims any liability for direct, indirect, or consequential damages arising from the use, access, or interpretation of the data described in this declaration, except where such liability is mandated by applicable law including cases of intent, gross negligence, or injury to life, body, or health and mandatory legal liability.

Users are advised to consult the respective full terms of use, privacy policy, and any applicable contractual agreements before engaging with the product or service. Data access and sharing are subject to fair, reasonable, and non-discriminatory (FRAND) conditions, and may be limited by applicable trade secret protections, intellectual property rights protection, cybersecurity requirements, or data protection laws including the General Data Protection Regulation (GDPR).
