PORTFOLIO**

It's all change on the lighting market – and you need lighting solutions that will help you cope with whatever your customers want, both today and tomorrow. Look ahead and discover our new LED lamp portfolio. It's more extensive than ever before and offers future-proof LED alternatives for all the traditional products affected by the EU-wide lamp ban. Also new is the fact that from now on we are offering our professional LED lamps under the LEDVANCE brand.
